Mulching per color Change – Color beds	0	0	0	0	0	0	0	0	0	0	0	0	0

Additional Details:

Leaf Clean-up Services- Leaf cleanup services are contingent upon season. During the warmer months, leaves and grass clippings will be blown away from front landscape areas and driveways. In the colder months, a more thorough removal of leaves will be conducted to address the seasonal leaf drop.

Tree Trimming Services- Tree trimming services include lifting the base of the tree's canopy up to 8 feet from the ground, specifically along sidewalks, streets, and driveways. The height of the canopy lifting is contingent upon the tree species, as certain varieties do not necessitate elevated canopies.
